2026 Ballarat Gold Sovereign Radiology Short Course Meet Club Timekeeper Lane Allocation

The smooth running of this Meet is reliant on Volunteer Timekeepers. Your assistance in this matter is greatly appreciated. Please can all clubs listed below ensure that, unless otherwise specified, they have supplied **TWO** timekeepers to the correct lane for the duration of the meet.

Timekeepers should be ready to take their seats immediately prior to the conclusion of warm up for the first session. Timekeepers should take their seats 5 minutes prior to the commencement of the second session after the morning break. Please listen carefully for the starting time of the second session since this could be subject to change on the day of the meet. Timekeepers should bring their own water bottle and snacks as required. All Timekeepers should record their name, club and time period they were on duty in the Timekeeper log for their lane (in the clipboard).

Lane	Session 1 (10am – 12ish)	Session 2 (12.30pm – 3pm)
1	Ballarat GCO	Ballarat GCO
2	Ballarat SC	Ballarat SC
3	BGOLD	BGOLD
4	BGOLD	BGOLD
5	BGOLD	BGOLD
6	BGOLD	BGOLD
7	Geelong SC	Geelong SC
8	Geelong SC	Geelong SC

Please listen for announcements calling for timekeepers at the Meet.

Please step up if you hear an announcement calling for additional timekeepers. Timekeepers from other clubs are very welcome to assist.

Having an insufficient number of timekeepers will delay the Meet and may result in the Meet not achieving Qualifying Status. 2 timekeepers/lane are required at all times.

THANK YOU FOR VOLUNTEERING YOUR TIME

Timing Equipment Operation Instructions for Timekeepers

Automatic Timing Equipment

The Start is automatic with the Starters signal. Timekeepers are required to press the black button on the red handpiece when any part of the swimmer in their lane touches the wall on the final lap.

Manual Stopwatch

1. Ensure that the watch is reset and displaying zero prior to the start of the race.
2. Press the Start/Stop button (A) on the Starters signal (watch for the light on top of the Starting unit).
3. Press the Start/Stop button (A) at the End of the race. Please record this time on the Meet Program in the black clipboard
4. Press the Reset button (B) in preparation for the next race.

BACKSTROKE START LEDGES

Backstroke ledges will be installed and available to all swimmers.

Their use is optional at the discretion of each swimmer.

Technical officials (or timekeepers) will place the ledge in the water. This should not be undertaken by swimmers.

Swimmers may adjust the ledge once it is in the water using the hook on each strap.

When using a backstroke ledge at the start, the toes of both feet must be in contact with the face of the touchpad.

Once the race has started the ledge must be removed from the water. If the next heat is Backstroke, place the ledge on top of the block, otherwise it should be placed under the block. This should be done by timekeeper or technical official.

If a swimmer does not wish to use the ledge, they should ask the official (or timekeeper) to remove the ledge from the water prior to the start of the race.

LUCKY LANES.WIN CASH!

At the start of the meet 12 events (event, heat & lane number) will be randomly drawn. This will include 6 Lanes per session.

If you're in the selected lane of that event, you will win a cash prize of \$25 — no matter your finish position!

To be eligible swimmers must swim in the randomly chosen event.

Listen to announcements during the meet to find out if you have won. Results will also be displayed at the ribbons table during the meet.

Will you be in the Lucky Lane?

Please Note: If you are a lucky lane winner and you do not collect your prize on the day this will be forfeited. Therefore please check at the ribbons table on your way out if you are one of the lucky swimmers so you don't miss out.

2026 Ballarat Gold Sovereign Radiology Short Course Meet Swimmer Marshalling Procedure

A formal Marshalling process will be in operation. All swimmers should Marshall at the south end of the 50 meter pool and follow relevant instructions (see venue map).

Please listen for announcements and keep an eye on the Marshalling board to know when to go to the Marshalling Area. The Meet program will be displayed on the 'Colourful Wall' (see map) or swimmers can ask the Marshalling assistants for help.

To assist with marshalling, we recommend swimmers arrive at the event prepared with the following information that they will need for marshalling:

- Event number/s
- Heat number/s
- Lane number/s

It is a good idea for swimmers to write all event/heat/lane numbers on their arm, in that order.

Pool deck access will be from 9am

Warm up from 9:15 – 9:45am in both pools.

The competition pool will be cleared at 9:45am, ready for racing to start at 10am.

The south end of the 50 meter pool will be available throughout the meet for swimmers to warm up and cool down. The competition pool will be available for warmup during the break between sessions. It will be cleared 10 minutes prior to the start of the next session.

Swimmers are asked to please comply with any requests to clear the pool.

All coaches and swimmers should be aware of the general warm up procedures for meets.

- Initial warm up with no dive entries, feet first entry into water.
- Swimmers must swim in a clockwise direction.
- Starts are to be conducted in lanes 1 and 8 (under coaches' supervision) for the last 10 minutes of warmup in the competition pool. These are to be treated as walk back lanes.
- The request to clear the pool must be obeyed immediately.

Pool Deck Safety

Ballarat Gold Swimming Club requests that pool deck remains clear at all times, for the safety of Technical Officials and to allow them to operate effectively. Attendees should not be standing on pool deck, with the exception of swimmers receiving feedback from their coach. Please remain seated as much as possible and be aware that those around you also wish to have a good view of the pool. Thank you for being courteous and considerate.

Coaches Seating

Coaches have priority access to the first row of seats in the Grandstand. If you choose to sit in this row, please move if requested to do so by a coach from ANY club.

11 & UNDER TECHNICAL/PERFORMANCE SUIT POLICY

Swimming Victoria, alongside Swimming Australia, is committed to creating a welcoming and inclusive swimming environment for all competitive members. In 2021, Swimming Australia introduced an [Inclusive Swimming Policy](#) with the aim to ensure:

- All Australians feel welcome safe, valued, and celebrated in swimming.
- All Australians can participate in the role and at the level of their choice in swimming.
- Australia's diversity is reflected in swimming.

Swimming Victoria have adopted this framework for all competitions run under the Swimming Victoria rules.

In addition to this framework, the Swimming Victoria Competitions & Events By-Law states that:

'Competitors 11 years and under are not permitted (or allowed) to wear a technical/performance suit in SV hosted competitions'.

This also extends to all competitions run under the Swimming Victoria rules.

Swimming Victoria believe that in order to keep young swimmers in our sport, we need to be providing an environment that encourages them and keeps the level of competition and pressure appropriate for their age. Further rationale for this policy is outlined below.

What is a Technical/Performance Suit?

Technical/Performance racing suits are typically manufactured using scientifically advanced materials. Materials of this type are normally comprised of spandex and nylon composite fabrics with features to reduce 'drag' against the water, reduce absorption of water and are highly compressive to increase the athlete's glide through the water.

The design of these suits also typically includes features like special seams and tape to optimise performance. Traditional one-piece race suits for girls as well as briefs and trunks for boys are not technical/performance suits and are permitted under this policy. Knee length suits and 'jammers' (suits that end closer to the knee than the hip) will be permitted provided they do not feature the key components of a technical/performance swimsuit.

The key, easily- identifiable component/s of a technical/performance suit that should be used when differentiating what is, and is not, permitted are the following:

- Bonded/Sealed seams
- Meshed seams
- Kinetic tape.

The below photographs are examples of swimsuit seaming which is **not permitted** for swimmers aged 11 and under.

The below images are examples of swimwear which **are permitted** for athletes aged 11 and under, noting the stitching is raised on the outside of the fabric.

It should be noted that some permitted swimwear is FINA approved and will have a FINA barcode attached to the back of the suit. FINA approved swimwear can be worn permitted it is not classed as a technical/performance suit. The differentiation between these suits is the fabric and stitching, as described above.

The rationale behind this decision by Swimming Victoria is outlined below.

1. There is no documented evidence that supports any benefits of performance/technical suits for athletes 11 years and under.
2. Personal best times should not be the only evaluation or measure of success for younger swimmers. Technique and skill development is essential for long-term swimmer development. It is crucial that as swimmers progress through the sport, they have developed a strong foundation in technique and stroke development to enable them to achieve higher results in the latter years of their career.
3. The cost of technical suits makes them unattainable for many families. Swimming Victoria does not want to add any extra financial pressure on parents with unnecessary purchases. We understand that for various reasons, cost of suits may not be an issue for all swimmers however, in order to effectively police this change, we must restrict all suits of this style.
4. These suits aren't designed for young swimmers. The manufacturers design these suits for older athletes. One of the main benefits of wearing a technical suit is for muscle compression. Swimmers, who are not yet developed, are not impacted by this benefit. Swimmers cannot 'grow into' these suits.
5. A common misconception amongst younger swimmers is that without a technical suit, a swimmer cannot swim fast. An age group swimmer does not need a performance suit to swim fast. Swimmers will improve and attain personal bests regardless of the suit they are wearing due to gradual increases in training and skill development.
6. The aim should be to build mentally strong swimmers, confident in their own ability and training ethic rather than an athlete depending on a technical suit to get an improved result.

Qualifying time must be achieved since 1st January 2025.

Long course times, unconverted, can only be used where a short course time has **not** been achieved. Athletes cannot choose to use a faster long course time for better seeding if they have an available short course time.

Minimum age for all swimmers is 13 years and 12 years for MC swimmers, as at 29th September 2025.

Entries close 12noon (midday) AEST Monday 14th September 2026 - times achieved after the closing date will not be accepted under any circumstances.

NOTE: SwimAus strongly advises all participants to check the Start List on the day it is published to ensure your seed times are correct. All care is taken to ensure the most recent times are used, however due to unexpected system delays, this may not always be the case. Swimmers will have a small window of time to submit any changes if needed.

Qualifying time must be achieved since 1st January 2025.

Entries close 12noon (midday) AEST Monday 14th September 2026. Times achieved after the closing date will not be accepted under any circumstances.

Long course times, unconverted, can only be used where a short course has **not** been achieved. Athletes cannot choose to use a faster long course time for better seeding if they have an available short course time.

NOTE: SwimAus strongly advises all participants to check the Start List on the day it is published to ensure your seed times are correct. All care is taken to ensure the most recent times are used, however due to unexpected system delays, this may not always be the case. Swimmers will have a small window of time to submit any changes if needed.
